

SPECIFICATIONS

Cooling Capacity: 2100W/
7200 BTU/h
Power Supply: 220V/60Hz, 1ph
Max Power: 1150W
Compressor: GMCC
Rated Current: 4.1A
Supply Airflow Rate: 340m³/h
Refrigerant: R410A
Water Tank: 2.5L
Net Weight: 42.9 kg
Unit Size: 547*342*704mm

FEATURES

- Powerful Focus Cooling
- Portable Design
- Durable Structure
- High Accuracy Sensors
- Strong Cooling Mode
- Plug and Play
- Continuous Drain Option
- Auto-Defrost Function

APPLICATIONS

- Practical Use: Ideal for cooling workshops, garages, server rooms, event spaces, retail stores, warehouses, and emergency cooling situations, ensuring efficient and dependable performance wherever it's needed.
- Comfort: Creates a cool, comfortable atmosphere, making it perfect for spaces where comfort and productivity are essential.

DUO AC Portable Air Conditioner KC-27D

KEY FEATURES:

Industrial Grade

Dual Pipe Blower

Focus Cooling
